Re: Visitor's Policy

Dear Parents,

Providing a safe and healthy school environment is necessary to promote the education of our students. The administrators, teachers and staff seek to provide for the successful educational, emotional and social development of all students. Uninterrupted educational time is paramount to accomplish this goal. Parents are welcome to visit our classes per procedures outlined in our district visitation policy, which is in place for all students. There is no separate visitation policy for children with special needs. We appreciate your involvement and participation as well as your support to help maintain a positive learning environment.

Sincerely,

A handwritten signature in cursive script that reads "Camille Taylor".

Camille Taylor
